Chiquita (Premio Alfaguara de novela 2008) Oct 25 2022 Espiridiona Cenda, una joven cubana de solo veintiséis pulgadas de estatura, llega a la Nueva York de fines del siglo XIX con el deseo de triunfar como bailarina y cantante. Chiquita fue galardonada con el Premio Alfaguara de novela de 2008. Esta biografía imaginaria de un personaje real recrea con libertad y una fabulación ilimitada las aventuras y desventuras de Chiquita, una mujer seductora e independiente que llegó a convertirse en una de las celebridades mejor pagadas de los teatros de vaudeville y las ferias de su tiempo. Elegante, humorística y llena de peripecias, la novela es un ambicioso fresco de una época pródiga en transformaciones sociales y milagros tecnológicos, en que las potencias se disputaban territorios, las cofradías secretas no habían perdido la esperanza de convertir el mundo en una gran Arcadia y las «curiosidades humanas» ejercían una extraña atracción sobre las multitudes. Protagonista de amores tempestuosos, dueña de un talismán mágico y testigo de intrigas diplomáticas, la liliputiense Chiquita vuelve a la vida en estas páginas, con todo su genio, su crueldad y su encanto, convertida en un personaje literario inolvidable.

Yemoja Mar 26 2020 Bridges theory, art, and practice to discuss emerging issues in transnational religious movements in Latina/o and African diasporas. This is the first collection of essays to analyze intersectional religious and cultural practices surrounding the deity Yemoja. In Afro-Atlantic traditions, Yemoja is associated with motherhood, women, the arts, and the family. This book reveals how Yemoja traditions are negotiating gender, sexuality, and cultural identities in bold ways that emphasize the shifting beliefs and cultural practices of contemporary times. Contributors come from a wide range of fields—religious studies, art history, literature, and anthropology—and focus on the central concern of how different religious communities explore issues of race, gender, and sexuality through religious practice and discourse. The volume adds the voices of religious practitioners and artists to those of scholars to engage in conversations about how Latino/a and African diaspora religions respond creatively to a history of colonization. Solimar Otero is Associate Professor of English and Folklore at Louisiana State University and author of *Afro-Cuban Diasporas in the Atlantic World*. Toyin Falola is Frances Higginbotham Nalle Centennial Professor in History at the University of Texas at Austin. His many books include *Culture and Customs of Libya* (coauthored with Jason Morgan and Bukola Adeyemi Oyeniyi); *Women ' s Roles in Sub-Saharan Africa* (coauthored with Nana Akua Amponsah); and *Africa After Fifty Years: Retrospections and Reflections* (coedited with Maurice Amutabi and Sylvester Gundona).

Resistance and Survival Oct 21 2019 In her analysis of some of the most interesting and important children ' s literature from Central America and the Caribbean, Ann González uses postcolonial narrative theory to expose and decode what marginalized peoples say when they tell stories to their children—and how the interpretations children give these stories today differ from the ways they have read them in the past. González reads against the grain, deconstructing and critiquing dominant discourses to reveal consistent narrative patterns throughout the region that have helped children maneuver in a world dominated by powerful figures—from parents to agents of social control, political repression, and global takeover. Many of these stories are in some way lessons in resistance and survival in a world where “ the toughest kid on the block, ” often an outsider, demands that a group of children “ play or pay, ” on his terms. González demonstrates that where traditional strategies have proposed the model of the “ trickster ” or the “ paradoxically astute fool, ” to mock the pretensions of the would-be oppressor, new trends indicate that the region ' s children—and those who write for them—show increasing interest in playing the game on their own terms, getting to know the Other, embracing difference, and redefining their identity and role within the new global culture. *Resistance and Survival* emphasizes the hope underlying this contemporary children ' s literature for a world in which all voices can be heard and valued—the hope of an authentic happy ending.

See how Much I Love You Mar 18 2022 After they break up, in spite of Montse's pregnancy, Santiago decides to spend his military service as far away from her as possible: in the Western Sahara, Spain's only African colony. There, he is one of the few Spanish soldiers to befriend the local Saharawi people, quickly falling in love with their customs and culture. But the year is 1975 and the colony will not last much longer. Following the death of General Franco and the Spanish withdrawal, Santiago becomes caught up in the brutal war between the Saharawi and invading Moroccan forces. He is entrusted with escorting a Saharawi friend's family on an epic journey, hundreds of miles across the desert. Thirty years later, Montse, now a divorced doctor living in Barcelona, sees a photo of Santiago carried by a Saharawi patient. After discovering that he did not die in 1975 as she had been told and that he, like her, has lost both a child and a partner, she sets out to find him amongst the refugee camps of the Western Sahara, a journey that will prove to be every bit as dangerous as Santiago's so many years before.

Rosengren's Books Feb 05 2021 Virtually every San Antonio citizen over a certain age with any interest in literature will have vivid memories of Rosengren's Books. It was the absolute center of literary culture not only in San Antonio, but in Texas, for decades. Indeed, from the 1930s to the 1980s, Rosengren's Books was considered one of the finest bookstores between New York and San Francisco. It was a mid-continent haven for writers as diverse as Frost, John Dos Pasos, J. Frank Dobie, and Larry McMurtry. Rosengren's Books: An Oasis for Mind and Spirit is the story of a great American family of independent booksellers and the important literary institution they created. Beginning as a rare book store in Chicago, Frank and Florence Rosengren brought the store to San Antonio, Texas, in 1935. Located in various downtown locations, it became most well known as the charming book shop behind the Alamo, where it was visited by hundreds of thousands of tourists from around the world. At the heart of the story is Florence Rosengren, whom former San Antonio mayor Phil Hardberger calls the "Sylvia Beach of South Texas" and Texas Observer founding editor Ronnie Dugger described as "the chief guardian of civilization from here to Mexico City."
