**SECRETS FROM HEAVEN** Jun 10 2021 “...In the night of the same day the Lord appeared to me and stood in my prayer room. This divine visitation was physical, for the Lord sat down and commanded me to write at the same time all that He would say. Then Our Lord and Saviour Jesus Christ spoke to me and said....” - IYKE NATHAN UZORMA

**The Science of Spirituality** May 29 2020 The Science of Spirituality is a ground-breaking book that integrates the individual systems of science, psychology, philosophy, spirituality and religion into a unified system that describes the multi-dimensional nature of man and the universe. It provides a more comprehensive

description of reality than conventional science can offer and fully explains the mechanisms behind an array of paranormal phenomena that mainstream science chooses to ignore. It explains the science behind religious, spiritual and new-age belief systems, and sheds light on some common misconceptions. The Science of Spirituality systematically describes the mechanisms behind a diverse range of subject matter including: consciousness, sleep and dreams, reincarnation, religion, creation, evolution, space and time, higher dimensions, heaven and hell, ghosts, angels and demons, out of body experiences, near death experiences, clairvoyance, psychic abilities, personal development, meditation and the meaning of life.

**Cosmic Connections:** Dec 16 2021 Cosmic Connections is a unique view of spirituality and the links between ancient knowledge and science, the soul and nature, and living within the universal flow of energy. This unique web of connections is designed to take you on a reflective journey of self-discovery cocreating your best divine life. You will embark on a trek through time reviewing the lost teachings of Atlantis and the law of One, string theory, cocreation, sacred geometry, environmental disruptors that affect energy fields, meditation, the pineal gland and energy healing to weave a web of spiritual understanding that builds a deeper reflection of your connected existence to Source, to each other, and to mother earth. This path asks you to consider not only your own individual walk but to reach out to help humanity as a whole as a way to bring purpose and meaning to your life and flows from a realization that all are completely interconnected into one universal Source. Every move you make or thought you have and emotion you express will bring the same back to you. Your journey is but an introduction to a path of understanding, to cocreate your own best world and consider a simple way of life that can change your thoughts, intentions and develop a shared vision to attain this world for all humanity....and ultimately for yourselves.

The Knowledge of the Gods Sep 13 2021 Is Humanity Ready for the Passage into the Golden Age? From Material Masonry to Spiritual Masonry. The Knowledge of the Gods describes the spiritual growth of a woman who managed to awaken as a result of the hardships she experienced in her life. Because of her experiences, she decided to make a sacrifice "" to sacrifice herself for the benefit of the people around her as well

as for the benefit of humanity. Her willingness to make the sacrifice came from her aspiration to see all the people of the world live in peace, love and harmony. Because of her belief that sacrifice can assist in the fulfillment of her aspirations, she turned to God and asked him to accept her sacrifice. She asked to give up her life for the benefit of others. Not long after that, the author of this book developed the ability to conduct channeling. Gradually, the level of her spiritual guides rose, according to the level of knowledge and spiritual awareness she accumulated. Her continued sacrifice and progression in knowledge caused the angels and higher gods to connect with her. The high gods of light began to offer her their knowledge. They wanted to assist her in achieving her spiritual destiny. Through her, they wished to pass on their knowledge and science. The gods asked her to write a book and through that book, to offer their knowledge to all the people of Earth. With the aid of channeling, a connection was established with the gods of light from the Egyptian era, especially with the Gods Amun-Ra and Michael, who reached the spiritual level of the creator; thanks to their knowledge. The high gods of light, as you will read in the book, passed their knowledge and information during numerous channeling sessions, through journeys and fascinating experiences from different eras of life on Earth and other planets. Meetings were held in all those places, with people who had lived in various eras. Those people and the gods themselves passed on their information through personal stories taken from their own lives. The God Amun taught about the masonry and architecture of his time, as well as about how the universe itself is constructed. Also, he explained what needs to be done in order to change current material masonry into spiritual masonry. The God Amun taught the knowledge of masonry with the aid of diagrams, symbols, numeric calculations and more... during many different journeys.

**Science, Self-Knowledge and Spirituality** Apr 08 2021 "This creative, concise book is a perfect primer for those curious about, or challenged by, the works of Bernard J.F. Lonergan, SJ, CC (1904-1984), the Canadian philosopher, theologian and economist best known for his worldview of the universe which brings together, science, self-knowledge and spirituality. Crean not only captures the essence of Lonergan's major works, such as *Insight: a Study of Human Understanding* (1957) and *Method in Theology* (1972), he also extends it -- through a unique feedback model of human consciousness -- providing a practical and life changing application of Lonergan's thought." **Reason and Beyond** Aug 20 2019 An unflinchingly honest commentary on modern life, death, love, fear, spirituality, belief, meaning and purpose. *Reason and Beyond* challenges the readers to take a fresh look at how they live and what they think they know so they may begin to free themselves from the shackles of the past and meet life more fully in the present just as it is. It offers a blend of poetry and prose essays covering a broad range of themes penetrating deeply to the how and why of what we think while offering an uplifting perspective that can help restore a sense of life's meaning and purpose in an age that seems to have forgotten both. Spiritual life and its perspective, critical commentary on modern civilization, philosophical and

psychological inquiry into reason, knowledge, thinking, belief, the nature of mind, the examination of love and fear and their critical role in human life, and the universal meaning and purpose of life itself. Each theme reappears again and again throughout the book and many questions are posed to the reader around the various themes.

**Full Spiritual Authority** Dec 24 2019 "I have been waiting for the day when someone I know who believes and submits to authority would write a book on Spiritual Authority. Jefferson Netto has the unique ability to communicate the most complex principle of all, Spiritual Authority, in a very simple way. I was inspired when I read Full Spiritual Authority. I know that this book will inspire you also to live a life of excellence and fulfill the call of God upon your life. In these last days God is looking for Christians, men and women, who will submit to His full Spiritual Authority and will be used to open the eyes of many who think submission to authority is another form of slavery. The enemy submits to Jesus' authority because Jesus submitted to the full authority of His Father. The only time the enemy will submit to the Christ in us is when we come to the full knowledge of Spiritual Authority. Jefferson Netto has given us sufficient information we need to come to the full knowledge of this important principle. It is my prayer that every child of God who desires to be used by Him will have the opportunity to read this wonderful book." -Dr. George Gunn Ghana-Africa

**Knowing Christ Today** Jul 31 2020 A Compelling Defense of the Faith for Our Time Addressing the central question facing the church today—Is the Gospel true?—Dallas Willard offers an impassioned argument that Christian spiritual ideals are a reliable source of wisdom that should be granted the same authority as other intellectual disciplines such as science or philosophy. He shows how faith and reason are complementary and confronts the difficult issues of Christian pluralism (the challenge of other faiths) and how we can know God exists.

**The Spiritual in the Secular** Feb 06 2021 David Livingstone's visit to Cambridge in

1857 was seen as much as a scientific event as a religious one. But he was by no means alone among missionaries in integrating mission with science and other fields of research. Rather, many missionaries were remarkable, pioneering polymaths. This collection of essays explores the ways in which late-nineteenth- and twentieth-century missionaries to Africa contributed to various academic disciplines, such as linguistics, ethnography, social anthropology, zoology, medicine, and many more. This volume includes an introductory chapter by the editors and eleven chapters that analyze missionary research and its impact on knowledge about African contexts. Several themes emerge, including many missionaries' positive views of indigenous discourses and the complicated relationship between missionaries and professional anthropologists. Knowledge From Above May 21 2022 Knowledge From Above is one in a long line of books that are designed to give man a glimpse of the secret knowledge that is just now becoming available to all of mankind! This book starts very simple and straightforward. But, as you progress onward, it quickly starts to introduce you to many

teachings and spiritual concepts that have been hidden from mankind since the beginning of time! This information is now becoming available, because as man moves deeper into the twenty-first century we are also starting to move into a new age of spiritual knowledge, which is meant to be the crowning point of man's long and treacherous evolution. From this point, mankind as a species must decide: Do we forever let go of our barbaric animal-nature so that we can start to receive our long promised spiritual inheritance? Or, do we forsake our spiritual inheritance and continue our barbaric animalistic-ways that are quickly leading all of mankind toward damnation and toward permanent extinction? The choice is ours to make! Learning, knowledge and advancement is a never-ending process. Therefore, if mankind is to grow both mentally and spiritually we must learn to encourage and to embrace new spiritual ideas and concepts by building off of our rich foundation of ancient religious text. However, never forsake the ancient text, for knowledge and wisdom is truly timeless. Therefore, we should use our advancements in science and technology to better comprehend our understanding of God's creation, in all its infinite glory!

**Spiritual Resiliency in Older Women** Jun 29 2020 Persons of all ages struggle to survive losses and rewrite their life stories. Self-help books abound, yet seldom do we stop to consider living resources, the wise old persons who are among us.

Gerontologists Janet L. Ramsey and Rosemary Blieszner have recorded narratives of spiritually resilient German and American women and offer here a rare combination of listening, personal story telling, and professional reflection. Avoiding simplistic answers and acknowledging the ambiguity of human experience, the authors give voice to a remarkably unheard group: strong old women. In this unique book you will find unforgettable stories of courage and faith but also provocative suggestions on how to enrich your clinical and academic work through an increased emphasis on spiritual coping. The authors also emphasize the importance of acknowledging emotions in spiritual experiences, and integrating faith and close human relationships.

Art Is a Way of Knowing Apr 20 2022 An expert in art therapy offers this “wonderful” guide “for anyone, artistic or not, who is interested in using art to know more about himself or herself” (Library Journal) Making art—giving form to the images that arise in our mind's eye, our dreams, and our everyday lives—is a form of spiritual practice through which knowledge of ourselves can ripen into wisdom. This book offers encouragement for everyone to explore art-making in this spirit of self-discovery—plus practical instructions on material, methods, and activities, such as ways to: • Discover a personal myth or story • Recognize patterns and themes in one's life • Identify and release painful memories • Combine journaling and image making • Practice the ancient skill of active imagination • Connect with others through sharing one's art works Interwoven with this guidance is the intimate story of the author's own journey as a student, art therapist, teacher, wife, mother, and artist—and, most of all, as a woman who discovered a profound and healing connection with her soul through making art.

*Frontiers of Knowledge: Scientific and Spiritual Sources for a New Era* Feb 18 2022

Frontiers of Knowledge is the story of unfolding developments that are revolutionizing our understanding of ourselves and our place in the universe. We are birthing a new era in which our ideas about the nature and source of reality are swiftly changing. Insights from quantum physics suggest that the basis of our physical world is actually mental—conscious thoughts. Other discoveries are causing us to redefine our concepts of mind and the elusive thing we call consciousness. All strongly hint that spirituality is the underlying source of everything. Frontier scientists and scientifically trained researchers are providing us with a rich and expanding base of knowledge through systematic investigations of startling phenomena that have been observed in quantum physics, cosmology, biology, psychology, disease and healing, death, near-death experiences, reincarnation experiences, and those occurring in spiritual hypnosis on the nature of the spiritual realm. New concepts of reality are especially needed to explain the incredibly finetuned characteristics and the mysterious nature of our physical universe. Ninety-five percent of the universe's energy and mass are a mystery to scientists, and for the moment, we resort to naming them dark matter and dark energy. The last time a comparable knowledge revolution occurred was in the late sixteenth century when astronomers determined that the planets revolved around the sun, not the earth. Historians call it the Copernican Revolution because it led to modern Western science. From one perspective, the new era predicted in this book—a revolution in its own right—can be considered the completion of the quantum revolution by defining and explaining the role of consciousness in our universe. An underlying aspect of this new revolution is the sense that humanity is moving into a new era of rapidly expanding knowledge of the human spirit (our soul aspect) and non-physical realities. Until now, this emerging knowledge has not been organized into a coherent and comprehensive structure. Frontiers of Knowledge provides the first outline of this new structure of reality.

**Self-Knowledge and Spiritual Yearning** Sep 25 2022 According to E. Douglass Brown, modern science has silenced all doubt among open-minded informed people that life emanates from an intelligent designer. The all-encompassing, distinct characteristic of the human being is an inborn link to the spirit of God. To cultivate that link, the Creator provides human beings with a divine paradigm for self-development. In *Self-Knowledge and Spiritual Yearning: The Role of Spirituality in Psychological Health*, Dr. Brown offers revitalizing prescriptions from the Quran for cultivating a healthy personality and for healing the person who has suffered psychospiritual injury and rupture from his or her true self. Dr. Brown also describes seven stages of psychospiritual self-development identified centuries ago by Islamic scholars and mystics, and provides examples of behavior in each stage. Through the use of universal metaphors, Dr. Brown explains how a person advances to higher levels of self-awareness, finally culminating in unfettered God-consciousness. He also includes

instructions from the Quran about how to overcome life situations that impede your progress in achieving a greater plane of consciousness. Learn to focus on spiritual healing and start integrating it into your daily life!

*The Knowledge Seeker* Nov 22 2019 In *The Knowledge Seeker*, Blair Stonechild shares his sixty-year journey of learning—from residential school to PhD and beyond—while trying to find a place for Indigenous spirituality in the classroom. Encouraged by an Elder who insisted sacred information be written down, Stonechild explores the underlying philosophy of his people's teachings to demonstrate that Indigenous spirituality can speak to our urgent, contemporary concerns.

*Wisdom, Knowledge, and Spirituality in Self-defense* Oct 14 2021 Most of the challenges today's church is experiencing were experienced by the early church in New Testament times. Knowing this makes it possible to handle the challenges of today more effectively and in a way in which perplexity gives way to sober and informed attitudes. This book brings to the fore the role human sentiments within relational and ministerial dynamics play in creating problems of strife, rivalry, and unhealthy competition among leaders and members of the church, and provides opportunity to reflect on how to stem such negative tendencies. The study reveals the coherence of Paul's arguments in places where many existing commentaries find him digressing. Its focus on Paul's rhetorical strategies and the Greek text helps to clarify a number of issues that remain puzzles in many commentaries. The book also highlights clues in Paul's argument that indicate the direction, the interpretative frame, and the intended rhetorical effect of his arguments, avoiding the unhealthy imposition of general Pauline views on some statements in 1 Corinthians, as found in many books on the market. These, against insightful background in pluralism and complexity of wisdom, knowledge, oratory, persuasion, and inspiration, offer useful lenses that make Paul's argument consistently and coherently meaningful.

*The High Price of Materialism* Jul 19 2019 A study of how materialism and consumerism undermine our quality of life. In *The High Price of Materialism*, Tim Kasser offers a scientific explanation of how our contemporary culture of consumerism and materialism affects our everyday happiness and psychological health. Other writers have shown that once we have sufficient food, shelter, and clothing, further material gains do little to improve our well-being. Kasser goes beyond these findings to investigate how people's materialistic desires relate to their well-being. He shows that people whose values center on the accumulation of wealth or material possessions face a greater risk of unhappiness, including anxiety, depression, low self-esteem, and problems with intimacy—regardless of age, income, or culture. Drawing on a decade's worth of empirical data, Kasser examines what happens when we organize our lives around materialistic pursuits. He looks at the effects on our internal experience and interpersonal relationships, as well as on our communities and the world at large. He shows that materialistic values actually undermine our well-being, as they perpetuate feelings of insecurity, weaken the ties that bind us, and make us feel less free. Kasser not only defines the problem but proposes ways we can change ourselves, our families,

and society to become less materialistic.

### **Organizational Knowledge Dynamics: Managing Knowledge Creation,**

### **Acquisition, Sharing, and Transformation** Dec 04 2020

Promoting organizational knowledge is an important consideration for any business looking toward the future. Understanding the dynamics of knowledge-intensive organizations is a crucial first step in establishing a strong knowledge base for any organization. *Organizational Knowledge Dynamics: Managing Knowledge Creation, Acquisition, Sharing, and Transformation* introduces the idea that organizational knowledge is composed of three knowledge fields: cognitive knowledge, emotional knowledge, and spiritual knowledge. This book is useful for graduate students, researchers, and practitioners in knowledge management, intellectual capital, human resources management, change management, and strategic management.

### **A Way of Self-Knowledge** May 09 2021

"I hope that reading this book can become a kind of inner conversation. If this conversation unfolds in such a way that it reveals the hidden inner forces that can be awakened in every soul, then reading this book may lead to genu-ine, inner soul work. As a result you may find yourself gradually impelled to undertake the journey of the soul that truly leads to vision of the spiritual world." -- Rudolf Steiner Part one, "A Way of Self-Knowledge": Eight meditations that take the reader on a journey through human experience. Beginning with ordinary experience, Steiner offers ways to imagine and understand the physical body, the elemental (or etheric) body, the elemental world, the Guardian of the Threshold, the astral body, the I-body (or thought body), the nature of experience in suprasensory worlds, and ways of perceiving previous earthly lives. Part two, "The Threshold of the Spiritual World": Sixteen short chapters in which Steiner provides aphoristic thoughts on trusting one's thinking, cognition of the spiritual world, karma and reincarnation, the astral body and luciferic beings, how to recognize suprasensory consciousness, the true nature of love, and more. These two complete books together represent Steiner's most personal statements about his own spiritual path. He speaks directly from experiences of cognitive research and explorations. Each of the meditations and aphorisms arises from his spiritual research and demonstrates how such spiritual research is to be undertaken. The "content" is Steiner's own, but readers can discover their own "content." Steiner's method of awareness--his path of attention to one's own experience--is universal and truly human. *A Way of Self-Knowledge* is a true sequel and complement to the classic of inner development, *How to Know Higher Worlds*. It lays out in a way that is accessible to anyone the road to self-knowledge and to the world of spirit. This Collected Works edition contains a new introduction, a chronology of Rudolf Steiner's life, and an index. Front cover image: Meditation by Jennifer Thomson ([www.phoenixartsgroup.org](http://www.phoenixartsgroup.org)) *A Way of Self-Knowledge: And the Threshold of the Spiritual World* is a translation of «Ein Weg zur Selbsterkenntnis des Menschen: In acht Meditationen» (GA 16) and «Die Schwelle dre geistigen Welt: Aphoristische Ausführungen» (GA 17).

**On the Way to Self Knowledge** Feb 24 2020 "Help! I need somebody--but is it a guru

or a shrink?" In response to this dilemma, the philosopher Jacob Needleman arranged a lecture series at the University of California Medical Center in San Francisco, in the hope of clarifying both the distinctions and the interrelations between these two paths of self-knowledge, psychotherapy and the ancient spiritual disciplines. This book is the enriching and often electrifying result. The eight lecturers--psychotherapists interested in the further reaches of self-development and spiritual teachers concerned with helping people live--dispatch the basic question with little ultimate disagreement. The consensus, most concisely expressed by British therapist A. C. Robin Skynner, is that therapy and the sacred traditions lead in quite different, one might say perpendicular, directions: therapy towards integration and functioning on the plane of normal daily life, spiritual discipline towards the far more difficult and demanding ascent into transcendence and self-evolution. But while the confusion of the two can be dangerous, properly understood they can assist and enhance each other." - Kirkus Reviews, 10/15/76.

**Knowledge of Spirit Worlds and Life After Death** Mar 07 2021 'Everyone with a curiosity for spiritual knowledge should read this excellent book.' – Peter John, psychic artist Based on direct communications with his eight spirit guides, Dr Bob Woodward confirms that we have all lived in spirit worlds before our birth – and that we will enter these same realms again after our material deaths. In a very real sense, these higher spirit worlds are actually our true home, he says, rather than our present physical existence, which is only a temporary abode. In consultation with his spirit guides – including a Tibetan Lama, a Jewish Rabbi, a Native American and his personal guardian angel – Bob Woodward gives a detailed survey of our lives in spirit worlds before birth and after death, our relationships there with friends, family and even pets, and our connections with both good and evil spiritual beings. He also gives a commentary on a range of subjects such as reincarnation and climate change. In a final extensive and moving interview, Woodward finds and speaks with the soul of his deceased father, who offers enlightening glimpses of life after death. Whilst the author's knowledge is grounded in decades of study of the work of Rudolf Steiner – with which he compares the results of his own extrasensory perceptions – Knowledge of Spirit Worlds is not intended as a dry philosophical study. Rather, it has a warm, experiential quality – based as it is on personal interaction with spirit entities – and emphasizes the love that connects all worlds and beings together.

The Wound of Knowledge Oct 22 2019 In this classic treatise on Christian spirituality, Rowan Williams takes us with a new eye along a road marked out by Paul, John, Ignatius, Irenaeus, Clement of Alexandria, Origen, Athanasius, Basil, Gregory of Nyssa, Augustine, and finally to Luther and St. John of the Cross. The Wound of Knowledge is a penetrating psychological and intellectual analysis of Christian spirituality.

*Gathered Knowledge* Aug 24 2022 This spiritual guide book is intended to share my experiences and gathered knowledge with those that are just starting on their spiritual journey. It is my hope that by sharing this information, it can help others find their way

and give them a head start in their quest to gather knowledge. This spiritual guide book is broken into 3 parts. The first part is a brief description of my own spiritual journey over the past 50 years. The second part is a collection of spiritual basic concepts and forgotten knowledge. And the third part is a collection of spiritual thoughts and quotes that I have collected over the years, that help remind me who I am and what my purpose here is. I hope this book helps anyone who is seeking spiritual knowledge and guidance. May spirit guide you...

**The Path of Interior Knowledge** Jan 05 2021

*Extraordinary Knowledge* Jun 22 2022 This book covers topics such as psychology, science, spirituality, myths and unexplained phenomena, and more. It also covers topics such as spiritual awakening and planetary shifts. This book leads you through the vast amount of information being relayed by the Zetas in answer to questions posed to their emissary, Nancy Lieder. The book also contains information on the government's involvement in the alien and UFO's cover-up. The Earth is scheduled to transition to 4th Density spiritual. After the switch humans will find that all humans, whether they have graduated to a 4th Density spiritual plane or not, have moved. For some entities, they will recall living through the cataclysms and then later through a time when humans seemed more mentally connected and in touch with one another. Then, upon death, they will be moved to another 3rd Density world, with others who will share these memories. Back to 3rd Density, to continue their orientation lesson. Just as living beings, such as the Zetas and humans, can be in different densities, coexisting in the same spot but being unaware of each other, so planets can and do so coexist. 4th Density planets are not as prevalent as planets in the root density, for obvious reasons. Planets are moved to 4th Density only to support life in 4th Density, and most planets do not have any life at all. This book was written in hopes of updating people's minds that we are all immortal spirits on a journey throughout this wonderful Universe God has created.

Spiritual Knowledge Mar 27 2020 This book is a collection of lectures held by a prominent Finnish Theosophist Pekka Ervast between 1917-1929 which cover human super-senses (extra sensory perception), clairvoyance, yoga meditation and spiritual knowledge which enable exploration of the afterlife. The book is the first in the Pekka Ervast series.

**Knowledge of Higher Worlds and Its Attainment** Nov 15 2021 This is one of the most popular classic translations of Steiner's foundational guide to the spiritual path. Knowledge of the Higher Worlds and Its Attainment is a manual for attaining suprasensory knowledge of the invisible and opens new perspectives on one's essential purpose in life. In 1904, Rudolf Steiner first made this account of the Western esoteric path of initiation public. With great precision, he carefully leads us from the cultivation of the fundamental soul attitudes of reverence and inner tranquility to inner development through the stages of preparation, illumination, and initiation. Practical exercises in inner and outer observation and moral development are given. By patiently and persistently following these, new organs of soul and spirit begin to form that reveal

the contours of the higher worlds hitherto concealed from us. "The methods by which a student is prepared for the reception of higher knowledge are minutely prescribed. The direction he is to take is traced with unfading, everlasting letters in the worlds of the spirit where the initiates guard the higher secrets. In ancient times, anterior to our history, the temples of the spirit were also outwardly visible; today, because our life has become so unspiritual, they are not to be found in the world visible to external sight; yet they are present spiritually everywhere, and all who seek may find them."

Contents: How is Knowledge of the Higher Worlds Attained? The Stages of Initiation: Enlightenment; Preparation; The Control of Thoughts and Feelings Initiation Some Practical Aspects The Conditions of Esoteric Training Some Results of Initiation The Transformation of Dream Life The Continuity of Consciousness The Splitting of the Human Personality during Spiritual Training The Guardian of the Threshold Life and Death: The Greater Guardian of the Threshold Appendix "Not everyone can immediately achieve spiritual vision; but the discoveries of those who have it can be health-giving life nourishment for all. The results of supersensible knowledge, when properly employed in life, prove to be not impractical, but rather, practical in the highest sense.... "The acquisition of higher knowledge is not the end, but the means to an end; the end consists in the attainment, thanks to this knowledge, of greater and truer self-confidence, a higher degree of courage, and a magnanimity and perseverance such as cannot, as a rule, be acquired in the lower world.... "The student places all the higher knowledge he has acquired at the service of humanity." --Rudolf Steiner
